I WANT TO WORK ON MY 4-H PROJECT, WHERE DO I START?

During this time there are a lot of questions regarding 4-H, such as:

- How should I plan for my projects?
- Should I take market animals?
- I didn’t get my project books before the office closed how can I work on my project?

Today’s topic is: **Self Determined.** Did you know that if you are unsure what you want to do, or you can’t find a project area that you want to do you can create your own project. We call these Self-Determined. When you do this, you create and decide what you want to learn about your topic and what you will have as your final presentation.

So, if you are still not sure what project you want to do, but you have a burning desire to learn about a topic, consider a Self-Determined project. You will then sign up on your enrollment form a 365 – Self-Determined (what the topic is). Please e-mail Jacki or myself and we will be happy to email you the Form 365 to complete. This form is your book for this project.

If you still are not sure what you want to do, please ask your 4-H Advisor to help you brainstorm some ideas.

If you are still waiting to purchase other books, we will give you that information as soon as everything is provided to us!

If you have questions or are interested in more information, please reach out to Julie Mackey at Mackey.181@osu.edu or Jacki Baca at Baca.30@osu.edu.
