Illustrated Talk or Demonstration—without use of computer technology

- The presenter uses appropriate props and other visual aides to teach others about a subject or how to do something.
- May use charts, posters, or pictures to deliver their Illustrated Talk or to stress points within their Demonstration.
- PowerPoint or computer generated messages are not used in these classes.
- Presenters are evaluated on their ability to convey information and teach on a particular topic. See score sheet for more information on the areas of evaluation.
- Presentations should be 6-9 minutes in length with four points deducted for times over or under.

Illustrated Talks or Demonstrations—with or without the use of Computer Technology

- The presenter uses appropriate props and/or computer generated visual aides to teach others about a subject or how to do something. Use of computer generated visuals is NOT required. Examples:
  - A demonstration may be delivered in this category. PowerPoint type slides may be added in addition to other props to help present their message.
  - An Illustrated Talk may be delivered in this category, with the member(s) using PowerPoint type technology to present all or part of the visual message; must be accompanied by live narration
- Requires live speech delivered along with any PowerPoint or poster message. (No pre-recorded narration).
- Presentations are evaluated on the members’ communication skills and, if applicable, their ability to effectively use technology within their Illustrated Talk or Demonstration.
- Presentations should be 9-12 minutes in length with four points deducted for times over or under.
